# ENVISION 2020

Celebrating our Past, Focusing on our Future

*Envision an Ellis County where...*  
Men and women feel empowered to embrace Life.  
Every human life is valued.  
The only choice is love.

**Friday, February 7, 2020**  
**Waxahachie Civic Center**

As we look back at 25 years of FirstLook, we celebrate the successes, growth, and support that we've been a part of. But as we focus on the future, we envision the possibilities for FirstLook and the community around us.

Envision 2020 is the future potential and promise for the people of Ellis County when our mission of "leading Ellis County to embrace Life by promoting best sexual health practices and providing family support in the name of Jesus Christ" is successfully lived out each day.

Where could we be in 25 more years?  
The possibilities are endless, but we can't do it without you.
